

NEED SURVEYS?

Planning a project for your property such as timber harvesting, mining, grading, building, subdivision or habitat restoration?

Are you....

- *In need of help applying for permits ?*
- *Concerned about rare species or habitat ?*
- *Required to conduct wetland, stream or biological surveys ?*
- *Wondering what other constraints may apply to your project?*

Let us help!!

Our experienced and knowledgeable staff can perform services ranging from brief feasibility studies to detailed field surveys.

We can also provide application assistance and potential impact, mitigation and monitoring reports if necessary.
